Message from the President

Dolores Steinwall | July 18th,2023

Dear Members,

The AGM is over and the flurry of activity that comes with this is done. We can now focus on the Strategic Plan and what our next priorities are. It is important to share with you that all of our members, Individual, Professionals and Corporate have a vote and it is a priority that you take the time to exercise this right, register, attend the AGM and vote.

We asked our members to vote on some key points and give us some ideas as to what is important to you. 15 Members took the time to provide feedback and we need more members to respond. [Here is the link](#) for those that have not done this yet. Please take the time to do this quick survey by July 31st. We will amalgamate the results and incorporate into our Strategic Plan if feasible. Those of you that volunteered, we will be in touch. Our next big project is the Virtual Fundraiser that launches in September - we need more Teams this year to organize an event in their community. Please let us know if you can. Planning for this event has to start in July.

Here is an update on our current projects
